

SR 89/FANNY BRIDGE COMMUNITY REVITALIZATION PROJECT PUBLIC WORKSHOP FEB. 26

Feb. 9, 2015 (*TAHOE CITY, Calif.*) – A public workshop to gather input and present options for components of the SR 89/Fanny Bridge Community Revitalization Project will be held Thursday, Feb. 26, from 5 – 7 p.m. at Granlibakken Conference Center & Lodge in Tahoe City. The Tahoe Transportation District (www.TahoeTransportation.org) and Central Federal Lands Highway Division are seeking input on bridge aesthetics and surrounding project infrastructure at the state Route 89/28 “Wye” intersection.

The workshop will provide the community an opportunity to give feedback; discuss options for sidewalks, street-scaping and gateway features; detailed information on roundabouts, and review aerial video and still images of the project area.

WHAT:

SR 89/Fanny Bridge Community Revitalization Project Public Workshop

WHO:

Community members, residents, business/property owners, and area visitors are all welcome.

WHEN:

Thursday, Feb. 26 from 5–7 p.m. (attend anytime)

WHERE:

[Granlibakken Conference Center & Lodge](#)

725 Granlibakken Road

Tahoe City, CA 96145

NOTE: This Public Workshop is not a hearing for the project’s Draft Environmental Document.

MORE INFO:

The primary needs for the proposed project relate to the current traffic congestion and unacceptable safety and

travel conditions at and around the Truckee River Bridge (i.e., Fanny Bridge) and state Route 89/28 “Wye” intersection. The project intends to increase emergency access and egress to the West Shore, improve the safety of vehicular, pedestrian and cyclist mobility at Tahoe City, address the long-term structural integrity of 86-year-old Fanny Bridge through its rehabilitation or replacement, assist in alleviating traffic back-ups and create a vibrant and walkable commercial area.

Six project “action/build” alternatives are proposed. Four alternatives include the repair/replacement of the existing bridge and a new bridge over the Truckee River; and two alternatives maintain the current alignment of state Route 89, while modifying the “Wye” intersection. There is also a no-build option.

For additional information, visit www.FannyBridge.org or email Margaret Skillicorn, Community Outreach Specialist, at suggestions@fannybridge.org, or call (530) 550-7578.

###

Tahoe Transportation District

The Tahoe Transportation District (TTD) is responsible for the implementation and management of transportation projects and programs in the Tahoe Basin. The organization has facilitated many area safety infrastructure projects, including bicycle paths, roadway improvements, pedestrian thoroughfares, water quality and water shed improvements and public transit solutions.
